We are raising funds for the Bethany Shay Green Memorial Scholarship Fund. Bethany, 16 years old, was killed in an automobile accident after playing in a varsity volleyball match for Westminster High School in October 2005. The Scholarship Fund will award a scholarship(s) each year. Last year we were able to give **\$12,000** in scholarships for a sixteen-year total of **\$244,000**. We have recently decided to expand our support to include donating to local activities that involve the young people in our community. To date we have contributed **\$40,000** to these activities. One of the fundraisers is the 15th Annual Bethany Shay Green Memorial Basket Bingo. Thank you for your past and future support!

Longaberger and the other baskets and collection names are the property of the Longaberger Company. This fundraiser is in no way connected with or sponsored by the Longaberger Company.

A Scholarship of the Community Foundation of Carroll County, Inc.
